

The product advantages

Euromas II represents not only visually an alternative to the classic EUROMAS industrial enclosure. Special attention was paid to the numerous mounting opportunities for PCBs and keypads.

The F-versions have a recessed surface in the lid for the flush mounting of membrane keypads.

Fixing domes for PCBs are available not only in the base but also in the lid.

Depending on the model, the bases are equipped with additional specially matched fixings for DIN rails or integrated clamp profiles.

The LP versions are available for the vertical mounting of PCBs.

MH S 190-210	96500210	Terminal area 190-210 mm

Scope Of Delivery: 10 pieces

Verwendung der Mastbefestigung für Euromas II
Use of the mast mounting for Euromas II

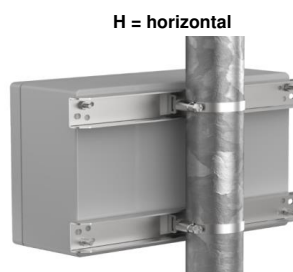

Bitte wählen Sie anhand dieser Tabelle je nach Größe und Ausrichtung des Gehäuses die passende Mastbefestigung und den dazugehörigen Befestigungssatz aus.

Please use this table to select the appropriate mast mounting and the associated mounting kit, depending on the size and alignment of the enclosure.

Ausrichtung des Gehäuses / Alignment of the enclosure :

H = horizontal V = vertical

Gehäuse Enclosure	Mastbefestigung Mast mounting		Befestigungssatz Mounting kit
