

LUY50330

Features:

- High speed response.
- High reliability and long life.
- Low power consumption.
- Available in red,blue,white ,green, yellow colors.
- Suitable for pulse operation.
- Colour diffused package

Descriptions:

- The LED lamps are available with different colors,intensities,epoxy colors,etc.
- Superior performance in outdoor environment.

Applications:

- These lamp are widely used for various application.
- Indication of all kinds.
- Commercial use.

Part No.	Color	Wavelength	Luminous Intensity	Forward Current	Forward Voltage	Operating Temperature Range	Half Viewing Angle
		λd	mcd	mA	If=150mA		2 θ 1/2
LUY50330	Yellow	585nm	360 – 700	20	2.0 - 2.5	-30□ to +85□	45 deg
