

Symbol:	SILI300X300-G
Manufacturer:	NINIGI
Product groups:	Radiators - accessories

Product specifications

Type of thermally conductive pad:	silicone rubber
Length:	300 mm
Width:	300 mm
Thickness:	0.3 mm
Thermal conductivity:	1 W/mK
Flammability rating:	UL94V-0
Operating temperature:	-60...200 °C
Variant:	glass fibre reinforced, one-sided adhesive, glued
Min. breakdown voltage:	5 kV/mm

Additional information

Gross weight:	0.089 kg
