

Transformers for printed circuit boards designed chiefly for power supply circuitry assemblies of electronic devices. They feature small dimensions and a compact build as well as having an increased mechanical durability and resilience to climate elements (cast resin). The transformers are made at IP00 protection grade, maximum ambient temperature 60°C, thermal class of insulation B (130°C). Manufactured in compliance with EN 61558-2-1 and EN 61558-2-6.

**Rated power:** 0,5 - 30VA

**Rated voltage PRI:** 24 - 500V 50/60Hz

**Rated voltage SEC:** 6 - 500V
